

GIS Day 2006

933 Mobile Dr. | [Click here for map](#) [1]

The City of Longview in conjunction with [Gregg County Appraisal District](#) [2] presented GIS Day 2006 at [Maude Cobb Convention Center](#) [3] on November 29. Five rooms were utilized to include interactive exhibits pertaining to the following categories: What Is GIS?, GIS for Development, GIS for Infrastructure Management, GIS for Emergency Response, and GIS for Education. Such informative and entertaining exhibits as a visually stunning 3-D movie, a 911 Dispatch presentation, a hands-on display of various Public Works equipment, and the City's Emergency Operations Mobile Command Center (an RV) were incorporated into the day's activities. Games, prizes, refreshments, and GIS-related giveaway items were appreciatively enjoyed by 500+ attendees (mostly Longview-area 5th and 9th graders). Anticipation is already reaching epic proportions in regards to plans for GIS Day 2007! – Roger Moser, Jr., City of Longview GIS Data Specialist
